

ATTENTION: Coronavirus Advisory and Precautionary Measures from Songklanagarind Hospital 

According to the announcement from the Department of Disease Control, Ministry of Public Health, regarding the situation of the coronavirus outbreak in China, we advise everyone to take precautions of the following:

1. If you have one or more of the following symptoms: fever, cough, sore throat, runny nose and shortness of breath after traveling from Wuhan, China within 14 days, please notify the nurse or staff immediately or go to the hospital nearby.
2. Ways to protect and reduce your risk of coronavirus infection:
 - 2.1 Wear protective mask and avoid close contact with anyone with cold or flu-like symptoms. 
 - 2.2 Completely cover your mouth and nose with a tissue or a sleeve or flexed elbow when coughing or sneezing.
 - 2.3 Wash hands with soap and water or alcohol-based hand rub.
 - 2.4 Thoroughly cook food, meat, and eggs. Avoid eating raw or uncooked food.
 - 2.5 Not sharing any personal belonging such as cup, face-napkin, towel and so on.

In case of traveling to China, please avoid traveling to crowded and polluted places, markets with live wild/farm animals as well as close contact to people who are infected. After traveling from Wuhan, China within 14 days, and if you show any symptoms mentioned above, please notify the nurse or staff immediately or go to the hospital nearby.

Please be advised and follow the precautionary measures accordingly.

Songklanagarind Hospital Announced on 24 January 2020
